PRESS RELEASE

Date: October 2006

Title: SGE Sponsors Genome Canada

SGE Group and its division ETP™ Electron Multipliers are pleased to announce their sponsorship of the Genome Canada project at the University of Toronto. SGE is sponsoring the development of a new generation of instrumentation in the form of a Mass Spectrometer-based Flow Cytometer, including associated Methods and Applications.

ETP™ Electron Multipliers has provided two FAST TOF detectors for use in the project. ETP™ Electron Multipliers would like to express our appreciation to the University of Toronto group for choosing the ETP™ TOF multiplier for their work. We look forward to our collaboration and ultimately, a successful endeavour.
